PROFESSIONAL SUMMARY

MERN Stack Developer with 2+ years of experience building scalable and responsive web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Skilled in REST API development, authentication systems, database optimization, and third-party API integrations. Experienced in resolving production issues, improving application performance, and developing enterprise-level applications in Agile environments.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap, React.js, Next.js, Redux, Context API, React Router, Hooks, Axios
Backend: Node.js, Express.js, JavaScript, TypeScript, RESTful APIs, MVC Architecture
Authentication & Security: JWT, OAuth, RBAC
Databases: MongoDB, MySQL
Tools & Platforms: Git, GitHub, Postman, Jira, Vercel
Other Skills: API Integration, State Management, Responsive Design, CRUD Operations, Agile Methodology

EXPERIENCE

MERN Stack Developer – Full Stack Developer <i>Tops Infosolutions</i>	Jan 2024 – Present Ahmedabad, Gujarat
- Designed and developed 20+ scalable RESTful APIs using Node.js, Express.js, and MongoDB for enterprise applications. - Improved API response time by 30% through MongoDB indexing and query optimization techniques. - Implemented JWT authentication and Role-Based Access Control (RBAC) for secure user access management. - Resolved 40+ production-level issues, improving application stability and reducing downtime. - Integrated third-party APIs including payment gateways, notification systems, and email services to enhance application functionality. - Collaborated with frontend, backend, and QA teams in Agile development cycles using Jira.	
MERN Stack Developer Intern <i>Tops Infosolutions</i>	Aug 2023 – Dec 2023 Ahmedabad, Gujarat
- Built responsive frontend interfaces across 10+ modules using React.js, HTML5, and CSS3. - Developed REST APIs with Node.js and Express.js for CRUD operations and backend services. - Integrated multiple third-party APIs and improved frontend-backend data flow efficiency. - Optimized React rendering performance by reducing unnecessary component re-renders.	

PROJECTS

SEO Generator Platform <i>Next.js, React.js, Node.js, OpenAI API</i>	Personal Project 2025
- Developed an AI-powered SEO content generation platform using Next.js and OpenAI API integration. - Implemented keyword-based SEO content generation workflows with responsive and user-friendly UI design. - Optimized frontend performance and deployed the application on Vercel for production usage. - Integrated dynamic API handling and improved content generation efficiency. - Live Demo GitHub Repository	
PLM (Product Lifecycle Management) Application <i>React.js, Node.js, Express.js, MongoDB</i>	Enterprise Project 2024 – Present
- Developed scalable modules for product lifecycle management, supplier workflows, and document management. - Built optimized REST APIs and implemented secure RBAC-based authentication systems. - Improved backend performance through MongoDB query optimization and indexing techniques.	
Fix It Today – Service Booking Platform <i>Next.js, React.js, React Query, Ant Design</i>	Web Application 2023 – 2024
- Developed reusable UI components and dynamic booking workflows using Next.js and Ant Design. - Integrated APIs using React Query for efficient data fetching and state management. - Reduced user input errors by improving validation logic and frontend usability.	

EDUCATION

Master of Computer Applications (MCA)

Government Post Graduate College

2020 – 2022

Gurugram, Haryana

Bachelor of Computer Applications (BCA)

KL Mehta Dayanand College for Women

2017 – 2019

Faridabad, Haryana

CERTIFICATIONS

- MERN Stack Development Internship Certification – Tops Infosolutions
- Web Development Internship Certification – Felix-IT Systems
